Learning Challenge: Healthy Living

Dear Parents / Carers,

Welcome back to the Summer Term. I hope you had a relaxing and pleasant half term with your family. Now that the weather is (hopefully!) getting hotter, please make sure that your children are bringing a water bottle to school with them, wearing sun cream, wearing a sun hat if possible and wearing the correct summer uniform. This term the focus for our learning challenge is Healthy Living and we will be learning about the importance of nutrition and exercise.

Ms. Rek

Special Notices

Please ensure your child is at school at 8:55am in the correct school uniform.

Lessons begin at 9am and children who are regularly coming in late are missing essential learning every day.

Values:

June: Co-operation

July: Courage

Learning to love, loving to learn

Summer 2 2019

Class Teacher: Ms. Rek

Ways to help your child at home:

- Ensure all homework is completed.
- Practice times tables – at speed and out of order!
- Encourage your child to read for at least 20 mins a day.
- Practice the year group spellings.

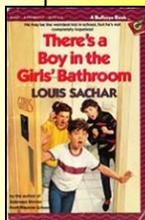

Learning Challenge:

This term, we will learn about Healthy Living. This will involve learning about what it means to eating healthily and the role of different food groups have on our body. We will also be looking at exercise, particularly cardiovascular, and what happens to our body during and after exercise.

In PSHE and Science we will be discussing the changes that happen in human and animal lives. In Art, we will be analysing and examining work by Andy Warhol and in DT, we will be considering what the components are of a healthy meal.

In English we will be reading:

There's a boy in the Girls' Bathroom.

Special Events this Term

3rd June – Learning to Learn Week

17th June – Healthy Living Week

18th June – Class assembly

20th June – Sports Day

28th June – International Evening

5th July – Summer BBQ

10th July – Coffee Morning

18th July – Learning Challenge

Event

19th July – End of Term Mass

Class Visit to the shops

Venue: Co-op and Sainsbury's

Aim: Children will have the opportunity to ask questions to a store manager as well as compare the nutritional information on different products that they find.

International Schools Project

All our pupils started the project by exploring resources such as short video clips from the World's largest lesson from the British Council website. In Year 5, we then created our own video where we outlined what we thought could be the potential obstacles as to why children can't attend school and what we think could be done about it. We followed this up with writing to the Prime

Minister suggesting what the government could do in order to make a difference. The children in year 5 have thought of some thought-provoking and unique idea and collaborated well together to consider how we can make this world a better one for everybody.
